Ringstr. 39, D-92361 Berggau

It is played according to the international football rules of UEFA. All games are led by official referees. The girls play with a Cordial Girls Cup match ball size 5.

SV Moskito Westendorf, Vorderwindau 2, A 6363 Westendorf

Authorised to play: U14/15 (girls C– youth) born 2004/2005 and younger

All players must be in possession of an official player's licence. The player's licences providing prove of identity and age are to be delivered to the Organising Committee together with the filled out players list including the players shirt number. Players licence checks are accomplished by the referees during the tournament. Assignment of not entitled players means disqualification of the player from the tournament and deduction of the won points.

Disqualification:

During the match a player can receive a time penalty at the referees discretion (5 min). The team has to play short for the above stated time but then the player can enter the match again. Only the referee can allow the player to come back in again.

In case the player receives the red card he is disqualified for the day. Should there be an act of extreme dangerous play or other lack of sportsmanship the tournament organisers can decide to disqualify the player for the whole tournament. This will result in reporting to the respective football federation.

Substitutes:

Per match you can change up to **four players**, independently on field player or goal keeper. An already changed player can be changed back into the current match. The total number of team players on the players list can be higher as 15 players, as theoretically other players can play the next match.

Shirts:

The **first mentioned team** on the match schedule determines the shirt colour. Please take two different shirt colours with you for your team.

Match-table:

U15/C-youth girls play on a normal size field with 11 players (10+1)

The first named team of the match always plays from left to right and begins with kick-off. The preliminary round will be played in **two groups of six teams and two groups of five teams** each, whereby all teams in a group play against each other. The winner of a match scores 3 points, the loser 0 points and a draw is one point each.

Should there be more than two teams equal then a separate table decides on the ranking of the teams (points situation in direct comparison, more scored goals i.e. 7:6 is better than 6:5 etc.)

Is there also a tie, then there will be in the extreme case an 11m penalty shoot-out, which is set right after the last placement game, to decide on the further ranking. NEW UEFA rule!

Final:

Both winners of the semi-final play the final. The Cordial Cup Girls final will be held together with the Cordial Cup finals **in Hopfgarten**.

Placement games:

The **sixth placed** teams of each group play for the places **21-22**;

The **fifth placed** teams of each group play for the places **17 – 20**;

The **fourth placed** teams of each group play for the places **13 – 16** aus.

The **third placed** teams of each group play for the places **9 – 12**.

The **winners and second placed** teams play the quarter-final!

The **winners** of the quarter finals play the semi-finals and determine the final participants!

The **losers** of the quarter finals play for the places **5-8**

The **winners of the semi-finals** play the final, the **losers** play for the places **3 and 4**.

All placement games incl. the finals will be decided on an 11m penalty shoot-out, if a match is undecided after the regular playing time, whereby **3 players** of each team will be nominated who take the penalty until a decision has been made. If both teams have scored the same number of goals after 3 penalties, they continue until a team scores one more goal by taking the same number of penalties.
